

## VioFlame range features

- Contemporary styling.
- Solid build, high quality materials and finish.
- Affordable – low initial cost, no costly installation fees.
- Beautifully finished in coordinated matte black and stainless steel finish.
- Solid, stainless steel, high capacity burner.
- Instant lighting and long burn time.
- Freestanding and wall mounting options available - wall mounted units include mounting hardware.
- Damper rod.
- Chrome plated metal fender.
- Fully adjustable flame control.
- Portable – freestanding models can be easily moved between rooms.
- Wall mounted models can be removed – ideal for rental properties.
- Easy to clean and maintain.
- Complete installation and owners' manual included.

## Natural Convection

By harnessing the natural forces of convection, VioFlame fireplaces work as a natural fan, gently circulating warmth to every corner of the room. *(convection models only)*

Natural convection also saves money and the environment by reducing the need for additional energy to distribute heated air throughout the room.

## VioFlame...

Family room...

or outdoor entertainment area

## the truly versatile...

Freestanding units can be placed on any level surface within seconds and wall mounted units can be installed in less than an hour. All models include an installation hardware pack and full instructions.

## occasional fireplace

VioFlame, the fireplace for all seasons and any occasion... A rainy afternoon, when guests drop by, a dinner party or whenever the mood is right. With VioFlame occasional fireplaces, there are no limits.

## Fire never looked this good!

VioFlame fireplaces are both visually exciting and functional, instantly transforming a room into a beautiful, warm and inviting living space. VioFlame fireplaces are ideal for creating real warmth, mood and ambience.

### The look and feel of a real fire

Finished in coordinated black and stainless steel, these beautiful fireplaces are lovely to look at and enjoy while you absorb the warmth and feeling of comfort that extends to every corner of the room.

VioFlame fireplaces not only look like a real fire, they also provide real warmth... enough to heat an average size room. Create both ambience and warmth in a room within minutes, perfect for entertaining guests or just spending some time alone.

### Easy to use

Freestanding units can be placed on any level surface within seconds and wall mounted units can be installed in less than an hour. All models include an installation hardware pack and full instructions.

VioFlame fireplaces start instantly and burn for hrs on one fuel load.

### Breathe easy

VioFlame fireplaces burn cleanly and efficiently by utilizing Bioethanol, (Denatured Alcohol), a renewable

and clean burning fuel. With Bioethanol, there's no mess and no fuss, just beautiful warmth and ambience. There's no better way to heat a room than with a VioFlame occasional fireplace!
