Why Buy Electric?

YEAR-ROUND ENJOYMENT

ClassicFlame electric fireplaces allow you to enjoy the glow and ambiance of a realistic fire all-year round, for 4 seasons of enjoyment. That's a feature unmatched in wood-burning, gas or gel fireplaces.

NO FIREWOOD NEEDED

That means no more chopping and storing wood, worrying about having enough supply to last through winter, or spending hard earned money to purchase more.

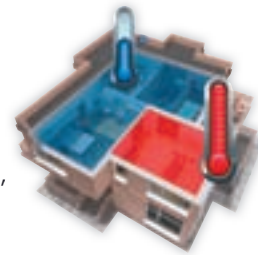

So leave the logging to lumberjacks and cozy up next to a ClassicFlame™ electric fireplace this season.

ZONE HEATING SAVES

Zone heating is easy with ClassicFlame. Warm only the room you're in and cut energy bills by about 10% by turning down the thermostat 10-15°.

Gas and wood burning fireplaces actually work opposite of zone heating, creating a draft effect when lit that pulls heat out of the home.

Source: Energy Information Administration and Alliance to Save Energy

EFFICIENCY

The LED bulbs used to create our realistic flame effects have a normal lifespan up to 100,000 hours and consume far less energy than regular incandescent bulbs.

LED bulbs contain no mercury, thereby helping to reduce greenhouse gas emissions. Producing approximately 90% less heat than an incandescent bulb, the LED bulb stays cool to the touch.

SAFER THAN EVER

No exposed flames, dangerous pilot lights or flammable gas; and the front glass panel stays cool to the touch.

And now with Safer Plug Fire Prevention Technology™ built into every ClassicFlame fireplace, our products have the safest plugs available. Safer Plug monitors the temperature in the plug to prevent unsafe conditions.

Visit www.SaferPlug.com to find out more

AIR QUALITY

No soot or ash is produced by any of our fireplaces; just warm, fresh air.

Allergy and asthma sufferers can warm the air they breathe without worrying about producing hazardous pollutants and irritants.

EASE OF USE

Our electric fireplaces require no venting or gas lines and feature easy to use controls. Just plug into any standard 120V, 3-prong outlet and enjoy out-of-the-box heat with simple assembly.

CREATE YOUR OWN COLLECTION

Customize your entertainment center based on both storage and entertainment needs.

Choose from a large selection of furniture pieces in our ClassicFlame & Tresanti signature furniture collections in order to create the perfect unit for your home.

Options are extensive with beverage cabinets, wine cooler cabinets, and curio-style cabinets.

Choose the pieces you want and arrange them together to create your custom masterpiece.

Heat with Confidence

Protect your family against electrical fire, circuit or product damage.

Safer Plug prevents fire in 3 steps:

- 1 Continuously monitors the temperature of the plug during use
- 2 Automatically shuts off if unsafe conditions arise
- 3 Allows normal product usage after plug cools

Safer Plug is built into ALL ClassicFlame Fireplace Inserts

LEARN MORE ON HOW
SAFER PLUG WORKS TO
KEEP YOUR FAMILY SAFE

Safer Plugs, Less Hazards.

The **POWERHEAT®**

INFRARED QUARTZ TECHNOLOGY 1,000 SQUARE FOOT ADVANTAGE

▲ Buy With Confidence

#1 REASON - Shoppers rated heating capabilities based on square footage as the number one reason for purchasing an electric fireplace or heater.

▲ Lab Proven Results

OTHERS CLAIM IT, CLASSICFLAME PROVES IT!
Independently tested and proven to warm rooms up to 1,000 square feet by Intertek® Laboratories.

▲ Packing Heat

The same great Infrared Quartz Technology previously available only in larger inserts, is now available throughout the entire lineup – from the largest mantel down to the smallest.

▲ How It Works

EFFICIENT - Produces safe, moist, healthy heat and provides quick, even distribution for immediate warmth

POWERFUL - Warm rooms up to 1,000 sq. ft.

DURABLE - Infrared quartz heating elements have a lifetime operation of over 20,000 hours

Safer Plug Fire Prevention Technology™

All ClassicFlame® fireplace inserts come with the Safer Plug™ built-in. Safer Plug™ monitors the temperature in the plug and will turn off the heater to prevent unsafe conditions like house fires and electrical blowouts. Twin-Star's exclusive patent-pending fire prevention technology makes Safer Plug™ the safest plug available.

Spectrafire Plus Customizable Flame Effect™

Spectrafire Plus™ comes standard in all ClassicFlame® fireplace inserts. 5 adjustable brightness settings allow the user to pick the perfect brightness for their environment and ambiance. 5 flame speed settings allow you to adjust from a fast roaring fire down to a gentle flickering flame.

Infrared Quartz PowerHeat®

Harness the energy and money saving power of zone heating, with PowerHeat®. Warm rooms up to 1,000 square feet with the supplemental heat provided by infrared quartz heat.
